

I am looking forward to the upcoming season. It will be a season with many changes and challenges, I am sure. I believe my years of coaching experience has prepared me for the season ahead. I will be looking for players who want a challenge and are prepared to work hard to make this the best year of hockey they have ever had. I will put emphasis on each player setting personal goals and work hard to ensure they achieve them. Our program will be a combination of on ice and off ice conditioning and teaching to improve the performance of all athletes. If your goal is to be a part of this team, the season starts now. Although we do not know when the rinks will open, start working out today.
